At the request of the Amildar of this Taluk, I have the honor to forward the enclosed file of Correspondence for the information and orders of Government, the subject being the proposed removal of a 'Cart stand' situated within the extensions recently made to the Botanical Gardens.

2 The exact position of the Cart stand, in relation to the old and part of the new boundary is shewn in the accompanying plan of the Lal Bagh, and I have no hesitation in saying that its retention would be a source of disfigurement and permanent

inconvenience to the institution,
I therefore strongly advocate the
removal of these buildings to a
situation that will neither in-
croach upon nor overlook
the Gardens.

3 In addition to the
cost of removal and rebuilding
the estimates provide a sum
of £630 for two useful wells.
Trusting that the proposal will
meet the favorable consideration
of the Dewan.

Sir,

In reply to the enquiry contained in Government Proceedings No. 12717 of 365 of the 11th Ultimo, I have the honour to state that on the representation of the Superintendent of Lal Bagh, the Government authorized this Office to acquire the Chattram in question. The matter was long under correspondence and was finally referred to an experienced Officer (Mr. B.G. Krishniengar) for compensation being settled. After much persuasion, the owner was induced to accept Mr. Krishniengar's valuation. He did not agree until I offered to give him

one acre of land, free, for building another Chattram. It may also be noted that the owner is, from Sentiment, opposed to having the Chattram built by him for Char. -itable purposes, pulled down. He has no idea of utilizing the ma. -terials and would feel exctremely thankful if the structure could be allowed to stand, as it is.
